## INTRODUCTION FROM THE SALON ORGANISER

Thank you to all those who submitted images. Congratulations to those who gained Acceptances, each hard won, and especially to those who were Awarded. Commiserations to those less successful than they hoped.

Running a Salon is not easy, especially in a pandemic. While 'Remote Selection' has some advantages, it results in the load falling on a smaller number of people, in our case just 2. However, it is still rewarding to be able to take part, not least for the chance to enjoy a feast of interesting, sometimes amazing images.

Once again, I am indebted to Steve Bright, his 'PhotoExhib' software and his ready support during the preparation, submission and selection phases. I am also very grateful for the support of Colin Dewsbury, a colleague at Frome Wessex Camera Club, who supported me in the running of the Selection itself.

The Organisers and Frome Wessex Camera Club have much appreciated the considerable support of our three Selectors who worked significant hours over the Selection weekend to compile this Exhibition.

Please take the time to go to the Exhibition Portal and enjoy the images that have been selected.

Alan Denison, Lead FSoP21.

## OUR DIGITAL CATALOGUE

This is Part 2 of Our Digital Catalogue. It contains the textual element of our Catalogue.

Part 1 of the Catalogue is the collection of all Accepted and Awarded images. These are contained in a set of 5 Category Slideshow Videos provided to all Entrants on our USB stick.

The Slideshow videos, the Category and Award Galleries and other information are also posted on the FSoP21 Exhibition Portal at: <http://photoexhib.com/fromewessexsalon/results-2021/results.htm>.

The Frome Wessex Camera Club Salon Page is at: <https://www.fromewessexcameraclub.com/salon.html>. This page has links to all previous Frome Salon of Photography Exhibitions. These links remain live.

**FSoP21 ACCEPTANCE CERTIFICATES**

If you enter BPE Salons to gain the BPE recognitions, please be careful to retain your results. We provide individual Acceptance Certificates that you can download. The link for these has been provided to you in the FSoP21 scorecard that was emailed to you. Access to the Acceptance Certificates is not infinite, so if you feel you may need them, please download them now. We are unable to reproduce this once the link is taken down.

**FSoP21 SUMMARY OF RESULTS**

	Entrants	Images Submitted	Images Accepted	Acceptance Rate
<b>OVERALL</b>	475	5658	1317	23.3%

## ABOUT OUR FSOP21 SELECTORS

### **Carol McNiven Young FRPS EFIAP/b BPE5\* DPAGB**

Carol discovered photography as a mature adult and enjoys sharing her passion for self-improvement through judging, mentoring, giving talks and running workshops. She is a former trustee of The Royal Photographic Society and is an active supporter of her local photographic community at club level and as a committee member of her regional PAGB-affiliated federation, N&EMPF.

Carol enjoys all genres of photography but her main passion is for creating creative portraiture. She also enjoys entering national and international competitions and pursuing photographic distinctions. She achieved Licentiate, Associateship and Fellowship of the Royal Photographic Society within 5 years and is also currently a BPE5, EFIAP/b and DPAGB.

Carol's Website is at: <https://www.cmyimages.co.uk/>

### **Ralph Snook ARPS DPAGB EFIAP/s**

Ralph has been taking photographs for longer than he cares to remember. In the early days he mainly took landscapes and anything to do with the 'great outdoors'. Gradually he progressed to concentrate on Natural History subjects, and this was accelerated by more travel to foreign parts. Before digital he processed his own slides and films as well as printing in his darkroom, but eventually switched to Digital when Sony took over Minolta.

Currently he almost exclusively takes Wildlife images. Having worked in Africa as a guide/camp manager it is his 'go-to' destination for photography and wildlife experiences. His focus is predominantly on behaviour and the unusual rather than straight portraits/images. He also does a lot of bird photography both on his travels and in the UK.

As well as taking images, he is involved in many other aspects of photography. He runs the RPS Nature Group Members Exhibition and the Bristol International Salon, lectures at Federation level and judges at Federation and International Salons. Like many other photographers, it is hard for him to work out how he had time to work before he retired.

Ralph's Website is at: <https://www.rsnatureimages.co.uk/>

### **Ross McKelvey FBPE MFIAP EFIAP/p MPAGB**

Ross McKelvey is a semi-professional Studio Photographer based in Belfast, Northern Ireland. He has been BIPP Photographer of the Year for the N.I. region for the last two years and is well known and respected as a National and International exhibitor and Judge. He was named No.1 in the World for large monochrome prints in the Photographic Society of America's "Who's Who in Photography" in both 2017 and 2018. He is a popular speaker and presenter, particularly for print talks but more recently has been doing digital zoom presentations to clubs and societies both home and abroad.

Ross also is a Fotospeed Ambassador.

Ross's Website is at: <https://www.rossmckelvey.co.uk/>

## SOME COMMENTS FROM OUR SELECTORS

### General Comments on the Work Submitted

It was noticeable that there was an increase in the number of 'still life' images submitted and not surprisingly a drop in Travel and exotic subjects. The restrictions imposed on travel due to the Coronavirus pandemic is likely to be the main cause of these changes. It may also have contributed to the feeling of a general lowering in quality; with entrants looking through archives rather than being able to create as many new images as they would have liked.

There were quite a few images in both 'Colour' and 'Monochrome' that had to be either disqualified or marked down due to a breach of the Salon definitions. Entrants should read and familiarise themselves with the individual rules and approaches of each Salon, and ensure their images are entered in the correct categories. Creative images, in particular, were a problem in these categories, but there were also many landscapes and nature throughout. Some of these images would have done very well had they only appeared in the correct category.

It was a pity to see so many 'Scapes' and 'Nature' images constantly appearing throughout the Colour and Monochrome Categories, never mind the composites!

The Nature and Creative Categories had the highest general standard in the overall entry, with the Mono, Colour and Scapes being more variable. There were many images that suffered from poor or over processing to the detriment of the final image.

As with most Salons the final set of images in each Category were of a good standard with the awarded images being of high quality. I am sure that the exhibition will present another excellent and well received result for Frome.

Congratulations to all the photographers whose hard work and skill rewarded them with success in this Salon and commiserations to those who just missed out .... This time.

### Colour Category

The Colour Category treated us to a wide selection of images influenced by art, creativity, storytelling, fantasy, humour and more. It was a pleasure to judge and made for some great variety in the awards we were able to give.

### Monochrome Category

There was a very large Monochrome Category featuring portraits, animals, sport and even some scenes from far-away places. There were many great compositions and flawless monochrome conversions but there were also quite a few images where a good tonal balance was a little lacking. Portraits and people images were very strong.

Monochrome was a bit disappointing in terms of 'quality in depth'. Technical issues such as blown highlights or lack of critical focus were not really the problem, it was more down to content! I suspect the effects of the prolonged pandemic have adversely affected shooting opportunities. However, I did feel that the Selectors managed to select the best of the bunch.

### Nature Category

Despite the restrictions of the pandemic lockdowns, the Nature section was well subscribed, and it was pleasing to see many UK mammal, bird and insect species featured as well as some native fungi.

Nature was pretty strong, particularly at the top end. It was a pleasure to select the final images from what was entered, and it was a tough job to decide between the award winners.

## **Creative Category**

The Creative Category was thoroughly enjoyed by the Selectors with a wide variety of intriguing composites, painterly portrait narratives and artistic still life images on show.

Creative was one of the strongest sections and a real pleasure to select from. The variety of approach, and the use of imagination and processing skills were fantastic.

## **'Scapes' Category**

The Landscape Category was similarly affected by the pandemic, but we enjoyed some lovely compositions across land, sea and city scapes. That often elusive ingredient of capturing the 'perfect light' was a challenge for some entrants and once again it seems that Covid restrictions had prevented photographers from enjoying a full season of landscape photography.

'Scapes' also seem to have suffered from the effects of the pandemic, with restricted opportunities for travel, but that meant we were treated to a wide selection of more home-grown 'scapes' which proved that you don't necessarily need to travel in order to take part.

## **General Comments on the Salon Organisation**

It was a great pleasure to be invited to be a Selector for the Frome BPE Salon and to select from the 5658 images from 475 authors across 5 categories. After a second difficult year for many UK photographers, it was pleasing to see a great variety of images submitted across the different genres.

Our Exhibition Organiser, Alan Denison, and his team worked tirelessly and professionally to make the selection process smooth and enjoyable. Despite not being able to meet in person, the Selectors quickly built up a good rapport and there was an enjoyable and harmonious approach to the entire proceedings.

The overall Selection arrangements and organisation were both excellent. The Remote Selection process, with Zoom for video and voice, (unfortunately) seems to work very well for selecting digital salons; I say unfortunately because I always thoroughly enjoy travelling to new places and meeting fellow selectors and the Salon team in person.

The organisation and communication of the Salon was excellent throughout, and Alan and his team presented a very friendly and helpful environment over the 3 days. I very much enjoyed the company of the other Selectors. The whole process although done remotely created a shared experience between the Selectors and Organisers that allowed us to air our views and arrive at the final selection of awards in a relaxed and harmonious manner.
